LETTER FROM THE SELECTMEN

This last year has realized several important paragraphs in our Town's history, which least of all, was our successful deferment of further acquisition of Town property by the U. S. Air Force through their AICUZ program. We must however, remain eternally vigilant for any reappearance, and continue our unified efforts to resist the slightest intrusion.

With this years Town Meeting, we will have a new Board of Sewer Commissioners, and through many long hours of effort, we will be ready to turn over to them, a program ready to go that should see construction commencing soon. This project, as we have said many times before, will provide for continued growth in our industrial, commercial zone.

As you can see, we will be in our "New Town Hall" for the meeting this year, and it is another step in the provision facilities, such as the addition to the Fire Station, its equipment, our school and police, that make our Town so truly outstanding.

The Board has endorsed and worked hard on the philosophy of "pay as you go" and at the end of this year we will be debt free of all our recent improvements, excepting, of course, the sewer project, which cost will be borne entirely by the industrial, commercial zones.

These actions are intended to work toward a continuance of our most enviable tax base and rate, with no long term indebtedness, provision for continued growth, buildings and facilities for the future, all here and now, so that when and if the perennial legislation to strip us of our major tax property ever is enacted, "we will be ready".

The key to it all is **UNITY** of effort among us all, Townspeople, Boards, Committees and Departments, working hard toward a common goal.

In particular we would like to thank you all for your interest and participation in our meetings, which really are your meetings, and ask that you continue to keep us informed of your views and concerns so that we may serve you better.

FREDERICK H. SMITH, JR., Chairman
PAUL L. deROCHEMONT
GERALD O. PHILBRICK
Board of Selectmen

- Article 18 Approved a total budget of \$722,144.
- Article 19 Report of Town Clerk on Election of Officers.

Special Town Meeting August 30, 1978

- Article 1 Voted, by ballot, to raise \$2,000,000.00, for construction of a Municipal Sewer.

REPORT of DISTRICT FOREST FIRE CHIEF and YOUR FOREST FIRE WARDEN

For more than 80 years, a cooperative effort between the State of New Hampshire and local forest fire authorities has created a forest fire prevention and suppression program that is recognized as superior throughout the United States.

Since the first forest fire laws were written in 1895, the state and local community governments have worked together to prevent and combat forest fires.

Today, 249 forest fire wardens and more than 1,800 deputy wardens are appointed every three years by the State Forester to work with the members of the State Forest Fire staff in this effort. State funds are used to pay one-half the cost of forest fire suppression costs incurred by local forest fire organizations, within pay rates established by the Governor and Council. State funds matched by local funds are used to purchase hand tools to suppress forest fires, to train local forest fire crews and in forest fire prevention work.

All outside burning, when the ground is not covered with snow, is permitted only after obtaining a written fire permit from your local Forest Fire Warden. Penalty for burning without a permit when one is required is a misdemeanor punishable by a fine up to \$1,000 or a jail term of up to one year or both.

REMEMBER, ONLY YOU CAN PREVENT FOREST FIRES!

BOARD OF ADJUSTMENT

The Board of Adjustment had two requests for variances in 1978.

1. Leonard Eames, Fox Point, requested a permit to convert the second floor of his barn into a caretakers apartment. Variance was denied on the grounds that no hardship was shown to exist and variance would violate the spirit of the Towns Zoning Ordinance.
2. Great Bay School & Training Center requested a Special Exception to construct a Resident Care Facility on their property on Old Dover Road.
Special Exception was granted with the stipulation that any building should be 50 feet from any property line.

John R. Mazeau, Chairman
Zoning Board of Adjustment

FIRE DEPARTMENT ANNUAL REPORT

The Newington Volunteer Fire Department experienced a relatively active year answering a total of one hundred forty three (143) alarms. Forty six (46) were fire related alarms, sixty seven (67) ambulance runs, three (3) mutual aid calls, two (2) rescue calls, nine (9) public assistance calls, and sixteen (16) false alarms.

The Newington Ambulance assisted twelve (12) residents of Newington and fifty five (55) non-residents.

The above figures represents an overall average of 2.75 calls per week for the year 1978.

During the year fifteen (15) four hour Emergency Medical Training sessions were made available to the

Ambulance Personnel and twenty one (21) four hour training sessions offered to the Fire Dept. Personnel.

The Durham Fire Department as of December 1, 1978, are receiving and dispatching all EMERGENCY FIRE OR AMBULANCE CALLS for the Town of Newington. The EMERGENCY PHONE NUMBER IS **STILL 436-5737**.

The Fire Department Personnel have enjoyed the additional space made available by the new construction at the fire station. They have given many hours in making additional contributions in the fire station that were not covered in the contract. I wish to thank each one for a job well done.

I, as Fire Chief, feeling and knowing the need of Permanent Full Time Fire Department Personnel for the Town, included in the Fire Department Budget, to the Board of Fire Engineers for 1979, (3) three written proposals for same. All of which were rejected by the Board and deleted from the Department Budget.

The residents of the Town are to be commended again for their fire safety practices in their homes over the past year. I wish to thank those Firemen and Ambulance Attendants who so faithfully and diligently responded to the calls for aid, and who participated in the training throughout the year. THANK YOU.

WALTER H. PICKERING
Fire Chief

PLANNING BOARD REPORT 1978

The Planning Board has finished work on Site Plan Review Regulations to be incorporated in the Town's Subdivision Regulations by adding a new Section 8. These regulations will provide uniform requirements for commercial and industrial companies to be submitted in their request for a site plan review by the Planning Board.

The Planning Board has a new updated Zoning and Subdivision Regulation booklet that will be available for issue in the very near future. This booklet will incorporate all of the revisions that have been voted on and approved by the Town. It will be smaller in size and easier to read than the present book.

The Planning Board will be working on a revised Comprehensive Plan (Master Plan) for the future growth and development of the Town of Newington.

ROBERT H. LAMSON, Chairman
Newington Planning Board

REPORT OF CONTINGENCY FUND EXPENDITURES 1978

The Board of Selectmen voted to purchase a new copier for use in the New Town Hall leaving the old machine at the Civic Center for the use of the Police and Fire Departments. Amount expended was \$1,651.40, leaving a balance in the contingency fund of \$848.60.

NEWINGTON CEMETERY COMMITTEE

The Newington Cemetery Committee held its annual meeting at 10:00 A.M. Saturday, January 13, 1979, at the Civic Center. It was moved and seconded to accept the budget as submitted.

Considerable improvements have been accomplished during 1978, most noteworthy was the replacement of

the water system within the area encompassed by the Cemetery. This was accomplished by William Beals and it is felt that a most professional and beneficial job was done and at a minimum of expense. It should be noted that consideration is being given to extend the new line to the remaining areas of the Cemetery so as to ensure availability of water for those areas that need it. As a point of information it should be noted that the Town Church was tied in to the new system at the same time so as to ensure an adequacy of water and to preclude expensive costs at a later date.

There was also a major shrubbery planting project completed. The new fence around the Southern Division is now bordered with lilacs and forsythia which should prove to be an attractive addition to the area. We wish to express our thanks to Capt. John Rowe for his generosity in donating all of these shrubs which are both fitting and in keeping with the historic area. It should be added that the expense involved in the actual moving and planting were accomplished by the Newington Conservation Commission.

The renovation of old markers and monuments is being continued by the Superintendent. Some problems have arisen on certain markers but the project is coming along fairly well. Due to time, expense and problems involved, this will be a long term project but it appears to be a most worthwhile on-going project and will be continued.

We have experienced several problems with the use of the Cemetery roads and paths by various vehicles and animals for access to adjoining areas or as a shortcut to other facilities. This area should be considered a "special place" or if you will "hallowed ground" and as such should be excluded for these purposes.

Your thoughtfulness would be appreciated.

DONALD H. BEALS
ERNEST R. KADDY
DOROTHY WATSON
Cemetery Committee

TOWN WARRANT

&

TOWN BUDGET

NEWINGTON TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Newington in the County of Rockingham and said State qualified to vote in Town affairs:

You are hereby notified to meet at the Newington New Town Hall on Tuesday the Thirteenth day of March, 1979, to act on Article 1.

(The polls will open at Ten O'clock A.M. and unless extended by vote at the meeting, will close at Six O'clock P.M. The Town Meeting will resume at 7:30 P.M. to act on ensuing articles.)

Article 1. To choose in the manner provided by law One Selectman for a term of 3 years; One Town Clerk for a term of 1 year; One Treasurer for a term of 1 year; One Tax Collector for a term of 1 year; One Highway Agent for a term of 1 year; One Building Inspector for a term of 1 year; One Supervisor of Checklist for a term of 3 years; One Superintendent of Cemetery for a term of 1 year; One Sewer Commissioner for a term of 1 year; One Sewer Commissioner for a term of 2 years; One Sewer Commissioner for a term of 3 years; One Trustee of Trust Funds for a term of 3 years; One Fire Engineer for a term of 6 years; One Library Trustee for a term of 3 years; One Cemetery Committee member for a term of 3 years; One Pound Keeper for a term of 1 year; Two Planning Board members for a term of 3 years; One Budget Committee member for a term of 2 years; Three Budget Committee members for a term of 3 years; Two Fence Viewers for a term of 1 years.

Article 2. To see if the Town will vote to appropriate the sum of Three Million (\$3,000,000) dollars or such sum as the Town may determine, for the construction of a municipal sewage disposal system including sewers, sewage interceptors, pumping facilities and for the acquisition of land, land easements and rights of way as may be required; to determine whether this sum shall be

raised by borrowing, or otherwise; and in addition thereto, to authorize the Selectmen to apply for, contract for, accept and expend any State or Federal or other available funds toward the project according to the terms under which they are received; to authorize all action necessary to carry out the project, and to take any other action relating to the subject matter of this article.

(By ballot vote with checklist) (Recommended by the Budget Committee)

Article 3. To see if the Town will vote to rescind the vote taken at the Special Town Meeting held August 30, 1978, to appropriate Two Million (\$2,000,000) dollars for construction of a municipal sewage disposal system.

Article 4. To see what action the Town will take on the following proposed ordinance: Fire Lane Ordinance — It shall be unlawful to obstruct or block any public or private way with a vehicle or other means so as to prevent access by fire apparatus or equipment to any building. It shall be unlawful to obstruct or park any vehicle in any fire lane, such fire lane to be designated in writing by the Chief of the Newington Fire Department and posted and marked as such. Said fire lanes shall be a distance of twelve (12) feet from the curbing at a sidewalk for a mall, shopping center, hotel, nursing home, church, apartment building, and retail or wholesale outlets. Where no sidewalk with curbing exists, the distance shall be eighteen (18) feet from the building. The building owner of record shall provide, install, maintain signs and striping as provided in section 2 of this ordinance. This ordinance shall be enforced by the Police Department of the Town of Newington, except where uniformed security officers are employed by the owner of the building(s) in which case said security officers may be appointed Parking Control Officers in accordance with the provisions of RSA 105:1 and charged with enforcement of this ordinance. Who-so-ever shall violate any portion of this ordinance shall be fined not more than twenty-five dollars (\$25.00) and shall be liable for all costs involved in the removal of said vehicle parked in violation of this ordinance. Observation of a vehicle

parked in violation of this ordinance shall be prima facie evidence that the owner of such vehicle has violated this ordinance.

Article 5. To see what action the Town will take on the following proposed ordinance:

Public Dances — 1. Definition: The term public dance as used in this ordinance shall mean any dance or hall to which admission may be had by payment of a fee or in which a charge is made for caring for clothing or other property, or to which the public or a substantial portion of the public may gain admission without payment of a fee, or a dance which is held as part of any other public entertainment.

2. - License Required: No person, firm, organization, association or corporation shall hold a public dance, classes in dancing, or give instruction in dancing for hire in any hall, building, tent or reservation within the town limits of Newington without a license therefor issued by the Board of Selectmen. Such license shall be valid only for the date or dates stated thereon and shall be posted in a conspicuous place within the dance hall, building, tent or reservation. The fee for said license shall be two dollars (\$2.00) payable to the Town of Newington for each one day license. Special annual licenses may be issued at the discretion of the Board of Selectmen for regularly scheduled dances for a fee not to exceed One Hundred dollars (\$100.00). No license shall be issued to a person who is not a person of good moral character, nor to a corporation or organization which is not represented by a person of good moral character, and it shall be the duty of the Chief of Police to make or cause to be made an investigation into the character of each applicant and report the results of such investigation into the character of each applicant and report the results of such investigation to the Board of Selectmen.

3. — Police Officer Required: There shall be one or more police officers in attendance at each public dance at the expense of the licensee. Each licensee shall post with the Board of Selectmen upon application for a license, such evidence of insurance as may be requir-

ed by said board to cover each police officer detailed to each public dance.

4. Penalty: Whoever violates any provision of this ordinance shall be fined not exceeding One Hundred dollars (\$100.00) for each offense.

Article 6. To see if the Town will vote that building permits, when duly issued, shall be valid for only one year from date of issue. Should construction not be completed within that time, the permit shall be renewed upon request at no additional charge.

Article 7. To see if the Town will vote to require an Occupancy Permit approved by the Building Inspector and Fire Chief of the Town, to insure compliance with the Building Codes and other applicable ordinances, before a building or structure may be occupied.

Article 8. To see what action the Town will take on the following article submitted by petition: We the undersigned petition the Town of Newington to amend the Town Ordinances to change the elected term of the Board of Fire Engineers from Six (6) years to Three (3) years.

Article 9. To see what action the Town will take on the following article submitted by petition: We the undersigned petition the Town of Newington to amend the Fire Department Ordinance to allow able bodied persons to be members and not restricting them to be residents of the Town of Newington.

Article 10. To see if the Town will vote to limit the number of terms of its elected officials to no more than three consecutive terms, excluding the office of Town Clerk and Tax Collector.

Article 11. To see what action the Town will take on the following article submitted by petition: We the undersigned petition the Town of Newington to amend the Town Ordinance to limit to One (1) the number of elected positions that any individual may hold during

any elected term in the capacity of Selectman, Board of Fire Engineers, School Board, and Planning Board.

Article 12. To see if the Town will vote to authorize the Selectmen, if in the best interests of the Town, to provide workers compensation coverage for eligible employees by participating in the New Hampshire Municipal Association Self-Funded Workers Compensation Program commencing in 1979 and to authorize th Selectmen to take such action in furtherance of this vote as may be necessary.

Article 13. To see if the Town will vote to leave the care and maintenance of Town Buildings to the Selectmen.

Article 14. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the Town through tax collectors deeds.

Article 15. To see if the Town will vote to authorize the Selectmen to hire money on credit of the Town in anticipation of taxes at a rate not to exceed the current bank rate.

Article 16. Revenue Sharing: To see if the Town will vote to appropriate the sum of \$30,000.00 for a new Highway Truck and authorize the withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

Article 17. To hear the report of the Budget Committee and act thereon.

Article 18. To hear the report of the Town clerk on the election of Town Officers.

Given under our hands and seal the 23rd day of February
1979

FREDERICK H. SMITH, JR.
PAUL L. deROCHEMONT
GERALD O. PHILBRICK
Board of Selectmen

We hereby certify and attest that on this 23rd day of
February, 1979, we posted a true and attested copy of
the within warrant at the place of meeting within specified,
a like copy at the Meeting House, a public place
in Town and delivered the original to the Town Clerk

FREDERICK H. SMITH, JR.
PAUL L. deROCHEMONT
GERALD O. PHILBRICK
Board of Selectmen.

PORTSMOUTH COMMUNITY HEALTH SERVICE REPORT

During 1977-78 Portsmouth Community Health Services provided a variety of services to the residents of Newington. Services are now available on an intermittent twenty-four hour, seven days a week basis. This has provided a realistic alternative to hospital and nursing home care to the people we serve. Nursing and related services are available to provide support and care during the acute as well as the long-term period of illness. Home nursing visits to Newington residents more than doubled during 1977-78 and since July of 1978 have more than tripled.

Peggy Lamson who has served two terms on the Board of Directors has been a very active representative from Newington. In 1974 she served as 2nd Vice President and Chairperson of the Public Relations Committee. Mrs. Jean Bowser was nominated to the Board at the annual meeting in September.

A friendly reminder - 2nd Monday of each month a nurse is at the Newington Civic Center. Stop by and have your blood pressure checked.

Respectfully submitted,

VANNIE BRAWN
South Newington

NEWINGTON POLICE DEPARTMENT ANNUAL REPORT

During 1978, the Police Department recorded 106,702 MILES AND RECEIVED ^{5, 677} COMPLAINTS OR CALLS FOR ASSISTANCE. Investigations by the department's officers included 317 criminal offenses, 7 missing persons, and 1 animal complaint. There were 134 criminal arrests made during 1978.

In the area of highway safety, efforts of our officers resulted in 26 motor vehicle arrests, 348 summons, 1,369 motor vehicle warnings and 22 defective equipment tags. Officers assisted 1,745 motorists while on routine patrol and rendered assistance to other law enforcement agencies on 405 occasions. During 1978, there were again no fatal accidents; however, 28 personal injury accidents and 201 property damage accidents were reported.

Police activities resulted in 467 cases being prepared for the Portsmouth District Court.

The department's prevention and service program resulted in 87 doors and windows being found unsecured. The department made 2,304 residence checks, conducted 20 escorts, recorded 296 burglar alarms, responded to 28 fire alarms and assisted in 42 ambulance calls.

During 1978, 33 motor vehicles were reported stolen from Newington and 12 were recovered. Additional personal property valued at \$46,847 was reported stolen from Newington, while recovered property totalled \$5,316.

The Police Department during the past four years has withstood an increase in complaints of more than 88%, while not altering the number of personnel available. Our four full time officer and our special officers spent many extra hours beyond their scheduled hours to provide the services requested. In meeting these demands, we have relied heavily upon the training provided through the New Hampshire Police Standards and Training

Council and the various contributing federal agencies. As a result, our officers this year have attended schools in such diverse fields as traffic accident investigation, photography, drugs, juvenile courts and diversion programs, firearms instruction, supervision, managerial budgeting, prosecution, LPG emergencies, breathalyzer examination, and officer survival.

The operation of the local government radio frequency has continued to prove advantageous, not only within the department, but also in conjunction with the Fire Department and the town truck.

During the upcoming year, the department intends to continue stressing training as part of its service, and will emphasize residential security and drug abuse during the year. Our aim is to continue to provide the best possible service and protection of Newington. Your continued support and co-operation is greatly appreciated.

Respectfully submitted,

JOHN K. STIMSON
Chief

THE OLD PARSONAGE

Although visitors to the Old Parsonage on Saturdays were fewer this year than previously, many more people requested appointments at unscheduled times. Usually these visitors spent much more time in the building closely examining architectural details. The construction of the building seems to interest many people who are building similar homes.

During July and August two groups from U.H.H. Summer Session worked on an archaeological dig on the site of the Parsonage barn. Others of the group researched papers in Newington, Concord and Exeter, to glean all information possible about the building. The project was designed to teach amateurs the proper methods of archaeological research, rather than recovery of artifacts. However, many interesting objects were recovered, but not many early items were found until an unusually deep level was reached.

As a result of this project the "Newington Dig" has become well known across the country. The director of the field school has made reports to societies as far away as Washington D.C. and Texas.

At present all evidence seems to point to at least 3 buildings on the barn site. Records were found indicating that a barn had been removed in 1775 and another within the memory of many people living in town. A rough drawing of the barn was reconstructed from the recollection of several people and the findings of the dig. Existing records and building styles indicate that the Parsonage itself probably was built about 1725. No confirmation of the long held 1699 date has yet come to light, but research on this point is still continuing.

During the latter part of the summer, a burglar alarm was installed in the Parsonage, a very welcome apparatus. Because of this, it would now seem feasible to open the house more often and the Historical Society would welcome extra volunteers for this purpose. Our successful junior hostess program will continue and training will be provided for all volunteers.

BARBARA MYERS
for the Historical Society

NEWINGTON SCHOOL DISTRICT WARRANT

Election of Officers

1979

The State of New Hampshire

To the inhabitants of the School District of the Town of Newington in the County of Rockingham and State of New Hampshire, qualified to vote upon District Affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE Civic Center IN SAID DISTRICT ON Tuesday, the 13th Day of March, 1979 at 10:00 O'CLOCK IN THE A.M. TO VOTE FOR DISTRICT OFFICERS:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
4. To choose a member of the School Board for the ensuing three years.

POLLS WILL NOT CLOSE BEFORE 6:00 P.M.

The foregoing procedure calling for election of your district officers at the annual Town Meeting is authorized by statute (RSA 197:1-a) and was adopted by the district at its 1962 annual meeting.

GIVEN UNDER OUR HANDS AND SEALS AT SAID NEWINGTON, THIS 13th DAY OF FEBRUARY 1979.

RICHARD E. GUERETTE
JOHN C. LAMSON
Z. RICHARD HENLEY
School Board

To the School District Of Newington:

It is a pleasure to report that the children and young adults of the community are being given the opportunity to receive a good education. This is not to report that everything is perfect, but it is to report that the administration and staff, along with the School Board, are working continuously to improve the educational climate for the people of the town.

The small classes in the Elementary School are in many ways beneficial, but it also means that with double grades, because of the ability spread within each room diffused over a greater range than normally found in the classroom, each student has an individual program. This insures that one child is not being overlooked because others are more rapid or that a child is being held back because the others find it difficult to keep up.

There are limits to which one can go however, and the programs cannot be changed to fit everyone's desire for some different type of education. The School, I feel, has been quite successful in taking care of individual needs. The results as received from a Union-wide standardized test indicate that the students are where they should be or a bit better. The test results confirm the findings of the staff as to strengths and weaknesses of the students.

One of the benefits of a small school is that all of the staff can meet and converse freely about the academic needs of the student and school. The meetings between the staff and the Board have helped to formulate the goals and objectives for the School. These meetings give each side a chance to explore and learn about the expectations of the others. It is through such mutual give-and-take that progress is made.

Last Spring, after the State denied an AREA Agreement between Portsmouth and Newington for the education of junior high students, the Boards of the two commun-

ities met to come to an agreement for these students. What was arrived at was a short term contract which is renewed automatically unless one community or the other gives a two-year notice of withdrawal. The Agreement provides a good educational environment for your students without the yearly concern as to whether or not a place would be available for the students. If honor rolls are any criteria for success, the Newington students have shown a great deal of success in their educational endeavors at the junior high level.

It is difficult to obtain records of academic achievement for those students not in your own schools, but generally, reports of Newington students have been favorable.

The Board, for the past two or three years, has offered the services of tutors to those at the junior or senior high level who have a need for some intensified help. The service has been used by some, but it should be restated that this help is available to those desiring additional instruction.

The Elementary School building is very well designed for the programs that are offered. Some remodeling of the older parts of the building have made the area much more conducive to teaching and administrating. The needs of the town have been met and little should be needed for a long period of time.

It has been my pleasure to have worked with your staff. I look forward to visiting the School and observing the good things that I see in the classrooms. Your children are friendly and enjoyable. It has also been a pleasure to work with the Board. It is obvious that each wants the School to be the very best and while methods may differ, the ultimate goal is the same.

May I thank each and every one for their concerns and willingness to work towards outstanding education.

Respectfully submitted,

JOHN P. BALL,
Superintendent

PRINCIPAL'S REPORT NEWINGTON PUBLIC SCHOOL

To the School Board and the Citizens of Newington:

The children and the staff of your school have been busy fulfilling their respective responsibilities throughout the past year. For most, it has been a case of performing the functions that go with the position while constantly looking for ways to make the learning environment more effective for the youngsters.

This searching which is a continuous process in your school led to regular meetings between the School Board and staff. These sessions have produced a set of educational goals, a list of in-service objectives and significant understanding regarding the curriculum and the methods used to implement it.

In their quest to keep up with the latest knowledge and techniques in the field, the staff participated in numerous seminars, conferences and workshops. Besides these activities, it should be mentioned that three of the school's family are presently acquiring credits toward either a Masters or a Bachelor Degree.

At the Supervisory Union level our staff is well represented. One of our members is the Vice-Chairperson on the Staff Development Committee and two others have been appointed to the Accountability Committee. In addition, the majority of the staff belongs to professional organizations that lend instructional support to them. In summary, these activities extend to the entire staff and I am proud to say that all members take full advantage of the opportunity to increase their knowledge which results in a more responsive program for the youngsters.

The school curricula continues to place its major emphasis upon the "basic skills," however, this should in no way be interpreted to mean that the other academic disciplines are excluded. Rather one should

understand that "basic skills" refers to those elements essential for mastery of each subject area. Your staff is committed to this concept and their classroom organization, materials and teaching reflect it. Supporting this point were the results of the Stanford Achievement Battery taken in June where each of the subtests indicated a growth better than the national norm for each grade level on the test. Needless to say, after specific analysis we found areas that could be improved and therefore set our own instructional goals for the year.

One of our goals has been realized with the implementation of the Brigance Inventory of Basic Skills. Now parents, teachers and children have a uniform record to keep track of the skills introduced and mastered from grade level to grade level. In addition to this system of accountability, parents have been invited to several sessions where teachers have explained their programming. As an interim device, staff members have created biweekly reports in order to keep parents informed as to their child's progress. As before, parent-teacher conferences along with telephone calls continue to keep the lines of communication open between the school and home. The local newspaper has also served as a tremendous asset in bringing to the whole community relevant happenings within the school.

The children were involved in many projects that extended beyond the classroom into the community. Mr. David Watson presented several interesting lectures on Wilderness Survival with the culminating activity being the construction of an igloo. Through the cooperation of the Fire Chief, a series of films stressing fire prevention within the home and school were shown. Special attention was given to the elements of pre-planning and smoke as the real killer. Cooperative planning took place between Jean Bowser and the Newington Police Department as together, a program of pertinent topics relating to the lives of the children was worked out. Included among these were drug abuse, bicycle safety, shoplifting and home security. Attract-

ing the most attention was a display of confiscated items associated with drugs that had been retrieved within the community. The intermediate grades enjoyed a program on energy conservation sponsored by the Public Service Company of New Hampshire with a poster contest as the final activity.

There were many educational excursions for the youngsters during the year. A major trip was taken to the Science Museum in Boston where the children became engrossed in the space age exhibits. In conjunction with their studies of New Hampshire and colonial life, the intermediate grades visited the State House, the New Hampshire Historical Society and the Warner House in Portsmouth. As a concluding activity to an extensive unit on weather, the fifth and sixth graders spent the afternoon touring the Pease Weather Station. As art of a program encompassing all the disciplines but focusing upon one central theme the primary grades traveled to Allen Orchard and the Hodgdon Turkey Farm.

As has been our custom, two superb plays were put on for the community. The first involved the upper grades in the major casting and was entitled "Alice in Wonderland" while the second, "Hansel and Gretel," became the creation of the first and second graders.

It is only appropriate, after mentioning all of these activities, to extend to you; parents, relative and friends, a sincere thank you for making the events possible.

The second phase of the building project was completed just as the bell rung for the new school year. The built-in storage cabinets along with the carpeting in the Kindergarten and in the first and second grade classrooms add much to the physical appearance of rooms. A combination secretary-reception area, a teacher support room with a principal's office were created from the remaining room adjacent to the side entrance. The original nurse's room had its walls repainted and a privacy petition installed for students. Upon the sugges-

tion of the Fire Chief, a new alarm system that includes smoke and heat detectors has replaced the original one.

Once again, the community has found the school to be a vital element in its programming. Consequently, the use of the building has increased. This is certainly a wise use of existing resources and is a trend that we hope will extend into the coming years.

In closing, I would like to extend to Walter and Phyllis Pickering and to Bessie Cole, our appreciation for their dedication and service to the children of the community. And to you, citizens and staff, my gratitude for your continued cooperation and support.

Respectfully submitted,
RICHARD MICHAELS

Harry deRochemont
Catherine Heath
Elizabeth Henley
Robert Olson
Mark Smallidge

The School Board of
the Newington School District
Newington, New Hampshire 03801

Gentlemen:

I have examined the financial statements of the various funds of the Newington School District for the year ended June 30, 1978, listed in the foregoing table of contents. My examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances. The financial statements of the Newington School District for the year ended June 30, 1977, were examined by other auditors whose report dated July 28, 1977, expressed an unqualified opinion on those statements.

The Newington School District has not maintained a record of its general fixed assets, and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

In my opinion, the financial statements listed in the aforementioned table of contents, other than the financial statements of the special revenue fund, present fairly the financial position of the various funds of the Newington School District at June 30, 1978, and the results of operations of such funds for the year then ended in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

In my opinion, the accompanying statements of the special revenue fund listed in the aforementioned table of contents present fairly the assets and liabilities of such fund of the Newington School District at June 30, 1978, arising from cash transactions, and its revenues collected and its revenues collected and expenditures

paid during the year then ended, on a basis consistent with that of the preceding year.

R.R. BERGERON

October 16, 1978
Portsmouth, New Hampshire

NEWINGTON SCHOOL WARRANT
1979
The State of New Hampshire

To the Inhabitants of the School District of the Town of Newington, qualified to vote in District Affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE Civic Center in said district on Tuesday the 13th DAY OF March, 1979 at 8:30 P.M. TO ACT ON THE FOLLOWING ARTICLES:

NOTE: School District Officers are to be elected at the Town Meeting, March 13, 1979, in accordance with the Statutory Election Procedure adapted by the District at its February 24, 1962 annual meeting.

ARTICLE 1: To see what action the District will take in relation to the reports of Agents, Auditors, Committees or Officers chosen.

ARTICLE 2: To see if the District will authorize the School Board to make application for, to receive and spend in the name of the District, such advances, grants in aid or other funds for educational purposes as may now or hereafter be forthcoming from Federal, State, local or private agencies.

ARTICLE 3: To see if the Newington School District will appropriate the sum of \$2,000 as a contingency fund as provided under RSA 198:4-a.

ARTICLE 4: To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of School District officials and agents, and for the payment of statutory obligations of the District.

ARTICLE 5: To transact any further business that may legally come before the meeting.

GIVEN UNDER OUR HANDS AND SEALS AT SAID NEWINGTON, THIS 16th DAY OF FEBRUARY, 1979.

RICHARD E. GUERETTE
JOHN C. LAMSON
Z. RICHARD HANLEY
School Board
